

Pipeline Insight & Margin Analysis Tools

Steps to Self-Register

*Gain critical business insights with a
360-degree view of your Cisco pipeline*

LOGIN:

<https://apps.Netformx.com>

Self-Registration Process

- To Register for the Netformx Pipeline Insight Tool (PIT), users need to have available:
 - Corporate Email
 - Cisco CCO ID username
 - CCW password
- Some things to know:
 - Recently the PIT was renamed to “Pipeline Insight Tool”, to embrace not only access to Partner incentives but all of the insights that are now provided for a 360-degree view of your pipeline.
 - Previously PIT was called “Partner Incentive Tool” so you may see some references that are on the road map for updating.

Self-Register for Access to the Pipeline Insight Tool from the Main Login Page

Step 1: Open <https://apps.Netformx.com>

NETFORMX

Login

Using Cisco® credentials

Cisco User Name

Cisco Password
